

Our mission is to fuel the human spirit with high quality ingredients in a relaxed environment friendly to all.

Auburn is currently a hotbed of revitalization, especially in the historic downtown and has shown increased successes and a determination to reemerge as a Central New York arts district. While Auburn has successfully enticed many new, thriving businesses catering to social crowds, they are sorely missing a quality community-centered coffeehouse with additional evening options for adults not interested in the typical "bar scene."

Octane Social House will be a centrally located, community focal point providing high quality espresso-based drinks and teas, nitrogen cold brew coffee on tap (available to be sold in growlers), Italian sodas, craft beer, and local wine. Octane Social House will offer (~70%) locally sourced food in a comfortable atmosphere in which local professionals, students, and families will feel at ease to enjoy their experience in lounge chairs and a large window-seating area. Octane Social House will host in-house special events including live musical performances and entertainment, local-interest workshops, with an on-site used bookstore, in-house games, and small-business promotions (think LuLaRoe). Any time of the day, Octane Social House will offer wholesome fare in a comfortable, free Wi-Fi environment where all are welcomed to relax and enjoy a book, play a game of Jenga or Cards Against Humanity, or just enjoy the sights, sounds, and hospitality of a friendly staff and their patrons in this beautiful historic city.

**Breakfast/Dessert Food: All Day:**
